

Over the last 24 hours, we've witnessed the incredible outpouring of community love and support in response to the unjust and retaliatory actions taken by Paul Birtel and his supporters on the MAGFest Board. It's clear to us that we have truth, justice, and the power of community on our side, and we need your help to make it clear to those in power who want to believe otherwise.

If you have a minute to spare, help out the Friends of MAGFest by emailing Paul Birtel and the MAGFest Board to demand they step down. You can use our suggested email text (see "Save MAGFest Email Text" in this folder), or send your own email, or send your own email to [bod@magfest.org](mailto:bod@magfest.org). Fill out the text [in brackets] to let them know who you are and why you care, and feel free to add your own message at the end.

We appreciate your support more than we can say, and we will never stop hoping for a brighter future for the entire MAGFest community.
